## FINISH FOLIO FOR YORKTOWNE

Infuse personality into every home and introduce your clients to color with this portable palette featuring our expanded collection of standard paints. You'll find a unique shade for anyone, all organized in one convenient, interactive guide.

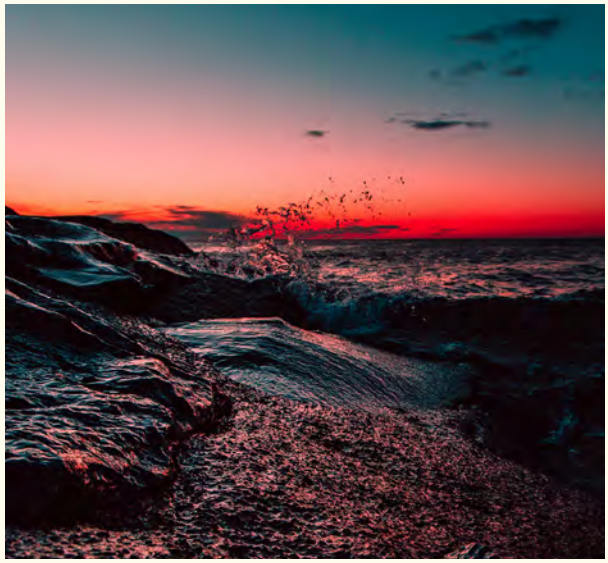

While selecting our new shades, we tapped into the color expertise we've gained over the years and also looked to the future with top trend forecasting resources. Like all our finishes, these new choices have both trend-forward freshness and long-lasting appeal.

**FINISH  
FOLIO**

Keep a lookout for the Finish Folio emblem on each page to get tips and tricks on incorporating color into your design, whether you use just a splash as a focal point or flood the entire room with color.

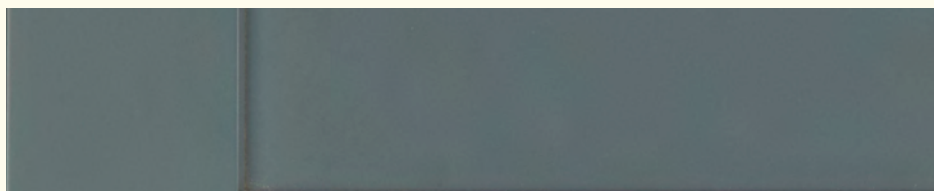

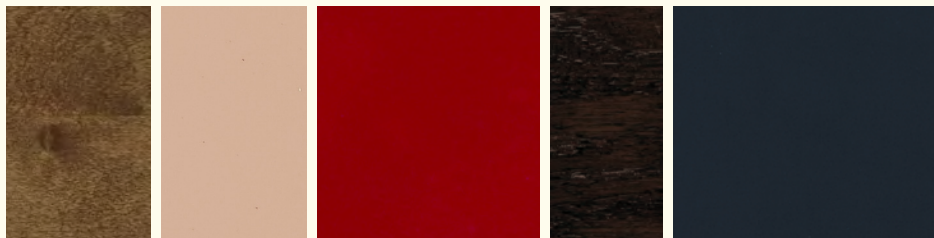

# WAVES OF COLOR

A vibrant trend tide is rising: colorful cabinetry. Color uniquely expresses personality, emotion, mood, and more, and with dozens of choices, there's something for everyone. Set sail on a voyage of discovery through a sea of spectacular colors.

## FIND PAIRINGS ONLINE

# LAKE-SIDE MODERN

After a day on the water, a palette of nature-inspired hues and a clean-lined design offers welcome serenity.

Brighten up your design with our brand new lighting options. Include flexible LED light strips where you need a burst of light, or add motion-activated door and drawer sensors into an important cabinet.

## SHIPLAP

Add a layer of texture with shiplap panels, available in 8' and 10' lengths.

### CURVED HOOD

We love how the curves of this minimalist hood add softness and the open shelves add to the open feel.

(Historic) **Logan** in Smoke on cherry, Gale Classic, and Safari Classic

## COLOR AHOY!

We love adding personalized pizzazz to the kitchen with a unique color choice for the center island.

Small details can make all the difference. Using understated Safari keeps the kitchen neutral.

In contrast, choosing a bold color like Sumac makes a striking statement.

## X MARKS THE SPOT

To bring some trend-forward Farmhouse flair to your design, add an X-panel end to the center island in a matching paint or contrasting stained finish.

# HOODS *at the* HELM

Wood hoods are a striking centerpiece for one of the main kitchen command points—the stovetop.

We're adding more choices for your kitchen design: the curved hood with either a wood or stainless mantel and the tapered hood with either a shiplap or plain face. The simpler design of these versatile hoods make them a clean-lined accent for any kitchen.

## NEUTRALS ON DECK

Safari isn't the only new beige neutral we introduced this year—take a look at Buff, Fauna, Sandpiper, and Gazelle in your Finish Folio: Paint Edition.

**FINISH FOLIO**

**CUSTOMIZE WITH COLOR**

Make your hood a unique centerpiece by choosing a complementary accent color.

## WALK-IN PANTRY DETAILS

**FINISH FOLIO**

Understated Safari creates a warm, inviting backdrop in this kitchen, and, inside the pantry, shelves finished with rich French Roast add texture to the space. We love how the deep color and beautiful wood grain contrast with the neutral tone and smooth painted finish to add an extra layer of detail and a custom touch to the design.

## A WEALTH OF STORAGE

This isn't the only new organization accessory we updated! See your 2019 Iconic Specifications Manual or visit [yorktownecabinetry.com/trending](http://yorktownecabinetry.com/trending) to explore our other new choices!

# HIDDEN TREASURE

Create a secret walk-in pantry with this design—it mimics the appearance of a classic tall pantry cabinet. Integrating the closet entrance within cabinetry is both trend-forward and innovative; it streamlines the look of the design and adds a polished, custom feel.
